

The Stanford Cardiovascular Institute

# SUMMER RESEARCH

In Cardiovascular and Pulmonary Medicine

Execute an independent research project in the lab of a Stanford Medicine faculty member!

**PAID 10 WEEK PROGRAM  
BEGINS JULY 01, 2019**

Projects available in population-based, clinical, translational, and basic research.

## BENEFITS

- 10 week paid independent research experience
- Experiential learning and research application
- Work under the mentorship of a Stanford Professor
- Career development and enrichment activities
- Assistance available for travel and housing
- Start date is moderately flexible

## ELEGIBILITY

- Open to Sophomore, Junior, and Senior undergrads
- Must be enrolled in a U.S. College or University
- No previous research experience required
- Must be majoring in a STEM discipline

Individuals from groups underrepresented in academia (including but not limited to: racial /ethnic minorities, gender/sexual minority, first gen college students, disabled, from a rural area, low income) are particularly encouraged to apply!
